

Introducing your new Metro Health Hospital

Metro Health Hospital

On September 30, 2007, the new Metro Health Hospital opens at its new location in Wyoming, Michigan.

Metro Health Lowell will still be located at 2550 W. Main St., Lowell, MI. We look forward to continuing to serve your health care needs in Lowell.

About the new Metro Health Hospital

The new 208-bed Metro Health Hospital is located inside the 170-acre Metro Health Village. The 8-story building, a \$150-million medical center, sets a new benchmark in health care delivery and innovation. Curved corridors, plentiful natural light, expansive views of the outdoors and exquisite natural building materials all combine to make the setting less institutional. All patient rooms are private and twice the size of those in the old hospital. Patients and visitors alike also enjoy the added convenience of free lighted parking right outside our doors. It's a hospital designed and built for a new era in medicine.
